Your vendor management program is only as strong as your weakest vendor. As a client of Wolf & Company, P.C., join us for a complimentary webinar: **Annual Update: Best Practices for WolfPAC® Vendor & Privacy Management.**

If you are leading or participating in your organization's privacy program, you won't want to miss this session! You'll learn how to use WolfPAC® to manage the details of your vendor contracts while staying ahead of regulatory requirements.

Date: Wednesday, September 15, 2010
Time: 2:00 p.m. – 2:45 p.m. EST
Presenters: Michael D. Cohn, CPA, CISA, CGEIT
Director, WolfPAC® Solutions Group

After attending this session, participants will be able to use WolfPAC® to:

- Prepare your organization for evolving examination procedures
- Identify technologies that contain private information
- Identify vendors that store or transmit private information
- Identify physical locations of documents at your organization

Who should attend?

Privacy Officers, Compliance Officers, Internal Auditors, IT Managers, Risk Managers, WolfPAC® Administrators and Users
